

So June ended with a number of Members at the Supercar Event, some on our static display and others offering rides in aid of the Children's Trust, all those involved certainly had a great day! Chris Evans turned up offering rides in his La Ferrari, with each ride going for a thousand pounds!

Above: Some of The CCC cars that attended!
Yes, we know lots of 997's...

The Chelsea Car Club – Meet and Drive!

For this Month's Meet and Drive, on the 20th July 2014, we have decided to push the limits and do a trip to Wales, heading for the Black Mountains and the Evo Triangle; we will meet at 6am at a secret central London location and head straight for Wales returning back to London later that evening. This trip will certainly entertain the hardcore drivers amongst us. We will also stop for Lunch at one of our favourite spots!

To join us on this Welsh trip, or for more information please either send me an email or get signed up on the [forum](#).

NB a small cost for maps and route planning materials may be charged & depending on numbers we may also hire walkie talkies.
